About

Optimistic, creative, and a visual thinker with a strong foundation in design, visual arts, and STEM. Experienced in leadership, hands-on projects, and problem-solving across exhibitions and scientific inquiry. I am a fast learner who is excited about building things that add value to peoples' lives.

Experience

RLDA Architecture

Architecture Intern | 1-week internship | 2023

Selected as 1 of 2 students from over 150 applicants for a hands-on architectural internship.

- Designed and built an engineered truss bridge prototype (7.5kg load)
- Shadowed architects at RLDA, gaining insight into spatial planning, materials, and design concepts.
